AVS VIRTUAL ONE-DAY SYMPOSIUM 20 YEARS OF AUSTRALASIAN VIROLOGY

We are pleased to announce the 'AVS virtual one-day symposium; 20 years of Australasian Virology', on the 7th of December 2021. Free to all ASV11 registrants and AVS members.

We have an exciting line up of speakers including Australasian Expats and former AVS rising star award winners, who will give us insights into their exciting careers as well as thrill us with their recent research. There will be a 3min thesis/paper competition for students and ECRs, with prizes to be won.

Don't forget to get out your best Hawaiian/loud shirt for the virtual best crazy shirt competition!

We look forward to seeing you all at our virtual event, for some fascinating science, excellent student/ ECR presentations and all-around fun with the AVS community. More details to come!

With thanks to our sponsors for their support.

A joint venture between The University of Melbourne and The Royal Melbourne Hospital

SHOWCASE YOUR LAB

As part of your membership benefits, you are entitled to showcase your Lab on the AVS Website. If you would like to take advantage of this benefit please send your Lab bio and image to nicole@laevents.com.au. You can view all our Lab Heads by clicking [here](#).

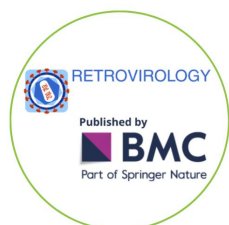

JOURNAL PARTNERSHIPS

Journal of General Virology is the newly affiliated journal of the Australasian Virology Society. All AVS members can receive their 20% discount from the journal using the discount code on the [membership portal](#). You can enter this code through their payment system when you go to pay the APC.

Viruses values the affiliation with the Australasian Virology Society and until 31 December 2021 AVS members receive an additional 5% discount, a total of 20% discount on the article processing charges. Viruses runs special issues to create collections of papers on specific topics. The aim is to build a community of authors and readers to discuss the latest research and develop new ideas and research directions. You could find all special issues by clicking [this link](#) .

Retrovirology Update

Why publish your article in *Retrovirology*?

- We welcome research from across the entire field of retroviruses, supporting the research community with a progressive and inclusive approach.
- Ranked among the top virology journals worldwide, we publish high quality research and expert reviews across basic science, translational, and clinical research.
- Our expert and highly responsive team of Editors provides excellent service throughout, with rapid evaluation and publication of research with broad and lasting impact.
- Founded in 2004, we are one of the leading influencers in HIV/AIDS and retrovirus research, reaching a large global audience.
